Visit to Juanito Orange farm with tasting

Organic Farm Juanito Orange is a family business with more than 25 years of experience.

It is an oasis of ecological agriculture located in the beautiful Guadalhorce valley, specifically in the picturesque town of Pizarra.

On this farm, a passion for nature and sustainability is intertwined with a dedication to the production of high-quality citrus fruit.

Although citrus is our specialty, we are also home to a wide variety of fruit trees, adding a diverse and vibrant touch to our agricultural environment.

During the guided visits to our farm, we will tell you fascinating stories about the use of citrus in different cultures and we will reveal culinary secrets to get the most out of each particular fruit.

In addition, during the tour we will give you to taste the citrus directly from the tree, depending on the season, of some of the almost 40 varieties that we have.

Imagine savoring a juicy Orange, a refreshing mandarin or a lemon full of flavor while you are immersed in the aroma of Orange blossom, the beauty of our farm located on the flat plain of the Guadalhorce from Malaga.

Available languages: Spanish, English, German, French, Italian.
